LATEST BY TELEGRAPH

EASTERN DATES TO JULY 8

EASTERN STATES

The Baltimore Convention

BALTIMORE July 8—Special dispatches to the Sun from Greeley's friends say that Greeley will be nominated on the first ballot although it is evident that there will be some opposition. A portion of the Pennsylvania delegation will endeavor to get a postponement of the vote upon the question of nominating, or endorsing the Cincinnati nominees and if they receive any encouragement will immediately telegraph Judge Thompson of Pennsylvania to assist presenting Greeley's nomination on the first ballot. They declare that if they can prevent Greeley's nomination on the first ballot they can beat him and secure a straight Democratic nomination.

Bryant Will not Accept

Wm Cullen Bryant prints a card stating that it is impossible for him to receive any formal nomination for President, and if offered it is equally impossible for him to commit the folly of accepting.

Congress of Internationals

NEW YORK July 8—At the congress of Internationals yesterday twenty sections were represented. A communication was read from the section in San Francisco detailing the bad effects of Chinese immigration upon labor in California, and stating that there are a hundred thousand Chinese there. It predicts that they will soon monopolize all labor, manufactures etc and says that they are under the control of six immigration companies who import also thousands of women for prostitution. They appeal to workingmen, and say if the immigration is not stopped, blood will flow in the streets of San Francisco. The Congress resolved to ignore politics and other disturbing questions, and with this view is perfecting a new plan of organization.

Stokes Trial.

NEW YORK July 8—This was the most interesting day in the Stokes trial. The presence of Josie Mansfield attracted many to court. The Judge admitted the testimony of Mr Bailey as to the words used by Stokes just before he entered the Grand Central Hotel. Stokes said he wanted to see a lady whom he had met at Saratoga. Stokes was then placed on the stand and testified. He was a witness on the 5th January in the case of Mansfield against Fisk. He left court with Miss Mansfield and her cousin went to Delmonico's where they had oysters ale etc. After lunch witness went to a lawyer to ask about the indictment. Question (by the defense)—What did you say? The prosecution objected. McKeon then reiterated on the District Attorney saying if Stokes had been tried six months ago he would have been hanged in ten hours. That witness was told there was no possibility of an indictment against him. Witness continued stating he then took a coupe from the city hall and drove to the Hoffman House. He then detailed his proceeding during the afternoon substantially as already narrated. He said after finding the lady he visited at the hotel was not the person he knew. "I started to go down stairs when I saw Fisk coming up stairs. He made a rush when he got to the platform and pulled out a pistol. I could not by any possibility be mistaken. I saw it as plain as anything I ever saw. It was a silver mounted pistol. I was on a line with him. I jumped a side and said don't fire. I pulled out my pistol and fired. I had it in my outside coat pocket, or I wouldn't have had time to draw it. I leaned on a rail, cocked it with one hand and fired. He held his pistol with both hands. As I fired he cried 'Oh!' He did not stagger much at the first shot and I fired again. I knew he would shoot me if I did not fire. I was three or four steps down. He dropped his pistol on the stairs after the second shot."

Stokes' examination was continued to recess and resumed thereafter.

Dr Howard's Release

WASHINGTON, July 8—A telegram from Minister Sickles at Madrid announces that the Spanish Minister had informed Sickles that an order had been given to discharge Dr. Howard, and to restore to him his property.

General News.

PHILADELPHIA July 8—A fire yesterday damaged Beckerton & Co's machine shops, Mudie & Co's findings house and Pierce & Co's furnishing store. Loss, $45 000.

The Keystone and American Democratic Clubs started for Baltimore to day. The Keystone Club will oppose Greeley, and favor the nomination of a straight Democratic ticket.

Mexican News

NEW YORK July 8—A *Herald's* special says Queretaro states that Treviño, to avoid bloodshed did not attack Saltillo. The enemy are short of ammunition and most capitulate. The revolution is strong over the entire country. Diaz is overrunning Jalisco with a strong force and a battle is imminent at Monterey.

BY ATLANTIC CABLE.

The Fire in Constantinople

LONDON July 6—A dispatch from Constantinople announces that the fire in the suburbs at Scutari has been checked after destroying a few more buildings, than left reported.

The Question of Dr Howard's Release

MADRID July 7—The delay which has taken place in the fulfillment of the promise for Dr Howard's release from prison by the Spanish government is occasioned by the fact that Senor Martos requires on the part of the King's Cabinet that the United States Minister in Madrid shall ask that Howard be pardoned by King Amadeus. The American Minister refuses to do this because the position he has assumed is that Howard is not guilty of any crime and is unjustly held by the Spaniards. The affair must doubtless lead to start diplomatic notes between the United States legation and the Spanish foreign office and Minister.

From Paris

PARIS July 7—The treaty with Germany for the evacuation of France will be exchanged to day. A bill for a loan to meet the financial obligations of the treaty will be presented in the Assembly to-morrow.

CALIFORNIA

From San Francisco

SAN FRANCISCO July 8—To arrive overland this evening—H L Risley, Canyon City, Oregon; F E Bragg, Oregon.

The Supervisor Kelly of the Twelfth Ward learning that a warrant was out for his arrest on a charge of a fault and battery on Saturday surrendered himself yesterday and was at once liberated on bail. He denies emphatically having had a pistol about him at the time.

M H Ward who he had man was knocked down seven and robbed by a party of white roughs at the corner of Second and Howard streets at 1 o'clock last evening.

The Oregon brought three sea lions and a few seals captured off Santa Barbara for Woodward's Gardens. A seal lion weighing 1 000 pounds was captured but died from the heat on the way.

Weather warm and clear.

The trimonthly trips of the Pacific Mail Steamship Company to Panama and San Francisco will be commenced on a few days—not later than the 1st of August. The tributary Mexican coast line will commence trips in connection about the same time.

Arrived—Bark *Atlanta* from Sydney N S W with coal to Flint Peabody & Co.

The prospects also for a very strong stock market this week. A general upward tendency is manifested.

GENERAL NOTES AND NEWS

The bananas grow in Florida every month in the year.

Citizens exercise all cities of the union in celebrating the Fourth.

Mark that word "democratic" in your party platform, Hancock.

The average speed of Belgian railroad trains is 25 miles an hour.

The seventeen-year locusts have made their annual reappearance in Kentucky and Tennessee.

The Western Union Telegraph Company will erect fifteen thousand miles of telegraph wire this year.

The request to shorten the hours of labor in New York will cause a loss of $3 000 000 a year in production.

There is talk of shipping Cleopatra's Needle from Alexandria to England in order to erect it on the Thames embankment.

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

EASTERN STATES

Nominate or Endorse—that is the Question

NEW YORK July 8—A Baltimore dispatch says to-morrow's nomination that Greeley will be nominated on the first ballot although it is evident that there will be some opposition. A portion of the Pennsylvania delegation will endeavor to get a postponement of the vote upon the question of nominating, or endorsing the Cincinnati nominees and if they receive any encouragement will immediately telegraph Judge Thompson of Pennsylvania to assist presenting Greeley's nomination on the first ballot. They declare that if they can prevent Greeley's nomination on the first ballot they can beat him and secure a straight Democratic nomination.

Bryant Will not Accept

Wm Cullen Bryant prints a card stating that it is impossible for him to receive any formal nomination for President, and if offered it is equally impossible for him to commit the folly of accepting.

Congress of Internationals

NEW YORK July 8—At the congress of Internationals yesterday twenty sections were represented. A communication was read from the section in San Francisco detailing the bad effects of Chinese immigration upon labor in California, and stating that there are a hundred thousand Chinese there. It predicts that they will soon monopolize all labor, manufactures etc and says that they are under the control of six immigration companies who import also thousands of women for prostitution. They appeal to workingmen, and say if the immigration is not stopped, blood will flow in the streets of San Francisco. The Congress resolved to ignore politics and other disturbing questions, and with this view is perfecting a new plan of organization.

Stokes' Trial.

NEW YORK July 8—This was the most interesting day in the Stokes trial. The presence of Josie Mansfield attracted many to court. The Judge admitted the testimony of Mr Bailey as to the words used by Stokes just before he entered the Grand Central Hotel. Stokes said he wanted to see a lady whom he had met at Saratoga. Stokes was then placed on the stand and testified. He was a witness on the 5th January in the case of Mansfield against Fisk. He left court with Miss Mansfield and her cousin went to Delmonico's where they had oysters ale etc. After lunch witness went to a lawyer to ask about the indictment. Question (by the defense)—What did you say? The prosecution objected. McKeon then reiterated on the District Attorney saying if Stokes had been tried six months ago he would have been hanged in ten hours. That witness was told there was no possibility of an indictment against him. Witness continued stating he then took a coupe from the city hall and drove to the Hoffman House. He then detailed his proceeding during the afternoon substantially as already narrated. He said after finding the lady he visited at the hotel was not the person he knew, "I started to go down stairs when I saw Fisk coming up stairs. He made a rush when he got to the platform and pulled out a pistol. I could not by any possibility be mistaken. I saw it as plain as anything I ever saw. It was a silver mounted pistol. I was on a line with him. I jumped a side and said don't fire. I pulled out my pistol and fired. I had it in my outside coat pocket, or I wouldn't have had time to draw it. I leaned on a rail, cocked it with one hand and fired. He held his pistol with both hands. As I fired he cried 'Oh!' He did not stagger much at the first shot and I fired again. I knew he would shoot me if I did not fire. I was three or four steps down. He dropped his pistol on the stairs after the second shot."

Stokes' examination was continued to recess and resumed thereafter.

Dr Howard's Release

WASHINGTON, July 8—A telegram from Minister Sickles at Madrid announces that the Spanish Minister had informed Sickles that an order had been given to discharge Dr. Howard, and to restore to him his property.

General News.

PHILADELPHIA July 8—A fire yesterday damaged Beckerton & Co's machine shops, Mudie & Co's findings house and Pierce & Co's furnishing store. Loss, $45 000.

The Keystone and American Democratic Clubs started for Baltimore to day. The Keystone Club will oppose Greeley, and favor the nomination of a straight Democratic ticket.

Mexican News

NEW YORK July 8—A *Herald's* special says Queretaro states that Treviño, to avoid bloodshed did not attack Saltillo. The enemy are short of ammunition and most capitulate. The revolution is strong over the entire country. Diaz is overrunning Jalisco with a strong force and a battle is imminent at Monterey.

BY ATLANTIC CABLE.

From Madrid

MADRID July 8—Senor Rivas has been appointed political Governor of Havana.

From Paris

PARIS July 8—It is reported that Victor Hugo has secured a commutation of the sentence of Henri Rochefort to simple ban shment from France instead of transportation to New Caledonia.

CALIFORNIA.

From San Francisco

SAN FRANCISCO July 8—Sales of stocks in the morning Board to day were 10 595 shares, the heaviest for the month. The afternoon Board was still more active proportionately, the sales reaching 8 145 total 19 572 shares. There were also a few sales in open Board.

In a meeting of the Committee of One Hundred to day J T Doyle spoke 30 minutes in favor of San Francisco buying the Southern Pacific railroad and having an independent road of her own, instead of going in with St Louis on the 35th parallel road. This proposition seems to be gaining favor. McRae spoke some time in favor of his resolution. W T Coleman spoke a short time. Sneath moved to expel Frank Pixley because he had not paid his assessment of $50 and declared he would not do it. Pixley demanded to know how many of the Committee had paid which was not answered. Sharp words then passed and on the motion to lay Sneath's motion to expel Pixley on the table the vote stood 42 ayes to 2 noes. The opinion is gaining ground outside that the labors of the Committee will end in nothing practical.

Weather warm.

A fire corner Fourth and Berry streets to day destroyed the grocery of E Lemkull. His wife was holding a lamp filled with burning fluid when some matches which she held in the other hand ignited burning her fingers causing her to drop the lamp which burst and the fluid took fire burning her so that life is despaired of.

Letters from Washington report that the Central Pacific Railroad Company is negotiating with the heirs of Capt Wm Dowling, claimant of Goat Island under the Mexicant grant who recently died in Washington for that title to the property.

John Kavanagh who was injured in the fight with T J and John Crowley at Butcher's on Monday last died to day and the Crowleys were arrested on a charge of murder.

The decision of Judge Dwinnell that the Central Pacific Railroad Company's wharf from Oak land runs into the city and county of San Francisco over a mere school lot settles the question of ownership and the taxes will therefore be levied and collected by the officers of this county without further delay. The suit was commenced by the Railroad Company itself to compel the tax companies to implead and decide the question of jurisdiction.

Josephine Consolidated Silver Mining Company capital $500 000 to operate in Philadelphia Mining District Nevada was incorporated this evening.

It is reported that the rise in Hoche is based upon the fact that a blind lead was discovered some time since on ground located in the name of the trustees and which has just been deeded to the company. It is said to show 64 feet width of $60 ore which facts were kept secret until the deeds were signed and recorded.

The Committee of One Hundred talked all the afternoon and finally adjourned to Wednesday when nothing coming to any conclusion on the different railroad points.

John Hawkins, of the steamer Nevada who died in the county hospital under mysterious circumstances was found on the morning of the 2d living helpless on Gold street. He said he had been turned on board the steamer. He was not burned but had evidently been struck with a sand bag or some other weapon. A Coroner's inquest elicited no facts throwing light on the case.

John Cullen was thrown from his buggy on the corner of Sixteenth and Mission streets last evening fracturing his skull, and died during the night at St Mary's hospital. He was a plumber in the employ of the Spring Valley Water Company aged 42 unmarried.

Dr F Hubbell, from New York committed suicide at the Occidental Hotel to day by taking poison. He arrived here on the last steamer, and being out of funds, annoyed and down spirited his friends got him a free ticket home on Saturday. He was about 40 years of age.

The Democratic County Committee this evening decided not to postpone the primaries until after the hold over in office bill has been tested in the Supreme Court, as proposed but completed arrangements for holding them on the day heretofore announced.

It is reported that the Elders smelting works in Cerrabel finally succeeded in fluxing ores, and made the first run of forty bars base bullion. The cover furnace in chloride has not yet been able to work after seven trials. The rock brought in to day is the finest yet received from that district.

INTERIOR CALIFORNIA DISPATCHES.

EUREKA, July 8—About 2 o'clock yesterday morning an attempt was made to assassinate Con Work, in this city. The assassin stood within 20 feet of his victim and fired at him with a shotgun, the charge taking effect in Work's right arm. Amputation will be necessary. No clue to the assassin.

SAN DIEGO, July 8—The summer term of the District Court, Judge Rolfe presiding, commenced to day. Four men are to be tried for murder this term.

A tri weekly line of stages has been put on between here and the Julian mines.

The surveyors sent here by Col T Scott have run new lines by which a tunnel through the coast mountains will be avoided, and make a saving of $100,000 to the company.

Weather warm.

LOS ANGELES July 8—Bank Temple and workmen had on exhibition to day five bars of silver bullion and five specimens of Ruby and horn silver from Wallapa District, Arizona, a tangible evidence of the richness of the new mines.

Hardy's five stamp mill at Mineral Park has turned out $5 000 in small slugs of $10, $20 and $50 each which are circulating as money.

Two tons of rock from the Revenue Consolidated mine near Cerrabel were received for San Francisco Transportation to this point $100 per ton. Thirty tons were shipped by the steamer *Newbern*. Both lots will net from $10,000 to $15,000.

SAN RAFAEL, July 8—A Chinaman in the employ of H Wilkins was severely beaten yesterday by three boys. It is thought he will not survive. A warrant was issued for their arrest, but as yet they have not been apprehended.

UTAH

SALT LAKE, July 8—The police have again arrested a large number of merchants, saloon keepers and keepers of houses of ill fame. All except the latter, who paid their fines, have appealed.

A man named Page has commenced suit to recover $50,000 from the Central Pacific Railroad Company for ejecting him from a train at Corinne while holding an obsolete passenger ticket.

The Illinois, Cincinnati and Stoker mining companies have withdrawn applications for U S patents, and cause contestants holding older titles who instituted proceedings in the District Court to determine the title. Judge McKean and parties interested in the Emma and Illinois controversy at Cottonwood to day visited the property.

OREGON.

Baker county on the 1st, had an indebtedness of $13,731 31 and only $695 in the Treasury.

Mr William Spicer is building a new hotel at Canyonville, and finishing it up in elegant style.

A stock show was held at Roseburg on the 4th of July, when some really fine cattle were exhibited.

Messrs Riley and Lippincott, of Yamhill county, have leased the Opera House Hotel at Salem.

The Coroner of Grant county has levied on the property of Thomas Howard, the absconding Sheriff.

Hay harvest is almost over in Eastern Oregon, and the yield is good. Hay is selling in Baker City at $10 per ton.

A band of Indians infest Baker City, trying to sell the whites a lot of wild ponies. These they offer at prices ranging from $2 50 to $40.

An extensive overflow occurred in the Eldorado mining ditch last week and caused a suspension of mining operations for the time being.

Mr A C Spencer came near drowning himself and a span of horses while trying to ford the river near Springfield, Lane county, one day last week.

H Dent, of Lane county swallowed a needle about two years ago, and had it extracted from under his right shoulder blade by a surgical operation last Saturday.

It is reported that Mr Cochran has taken the necessary preliminary steps to contest the seat awarded to his competitor as a member of the Oregon Senate from Clackamas county. The official majority against Cochran is seven.

TUESDAY MORNING, JULY 9 1872

CITY.

ON TRIAL—The case of the State vs Chas Grant, indicted for murder in the first degree, for the shooting and killing of J S Simpson at Bill Wick's saloon on the 17th of last month was called in the Circuit Court yesterday morning in consequence of the case having been frequently mentioned through the press and attracted much attention and elicited much comment, it was a difficult matter to find the requisite number of jurors who had not either formed or expressed an unqualified opinion concerning the merits of the case. Most of the forenoon was consumed in securing the jury. Before this could be accomplished to the satisfaction of the counsel for the State and the District Attorney thirty nine persons were called. The following are the names of the jury: Messrs N Walker H Sorres R Henry, Henry Noble, W S Ogden, Wm A. Ford, A Hicky, D M Brunbecker, R Marshall, L P A Shaw and J Garnold. At 2 o'clock the trial commenced and will in progress throughout the afternoon. A number of witnesses were called and examined. On the part of the defense it was proven that Simpson slapped Grant in the face, calling him at the same time a liar and a coward and that he also used very abusive language reflecting on the humanity of his race. Grant appeared a little nervous, occasionally, but kept up, most of the time, an appearance of composure. It was to be plainly observed that the progress of the case was eliciting much interest and attention and he seemed fully aware of the character and probable consequences of the grave charge preferred against him. The defendant was represented by Judge Cronin and Thayer, and the State by District Attorney Durham and C A Ball. The case will probably be submitted to the jury some time during this forenoon. The case has, thus far, elicited much public interest, large numbers of friends of the deceased and prisoner and spectators being present during the progress of the trial.

GOOD TEMPLAR HALL—The plans for the contemplated new hall to be constructed the present season by the Good Templar Hall Association, have been completed. Yesterday we called at the office of Mr Piper and inspected them. The building will be constructed of wood. It will be 100 feet. Fifty feet will front west on Third street, and the hundred feet will extend along Alder. The hight of the first story is to be 14 feet the second story 20 feet in the clear, giving a hall two stories in the building. The first story will be divided into three storerooms, fronting on Third street, and each 24x65½ feet, and one fronting on Alder street to the rear of the main building 48½x20 feet. Opening from the latter to the rear of the two storerooms, is a hall and stairway 12x22 feet. The second story will be devoted exclusively to the Lodge room and apartments necessary to the Order in the transaction of its business. This will contain a lodge room 38½x61½ feet. Along the north side of the building in this story, are to be small rooms, to be used for offices, each 12 feet. To the rear of the Lodge room is a room 12x15½ feet, a ladies' room 17x20, a committee room 16x14½, an ante-room 16x17½, a room 11x19, wood rooms, &c, &c. On the front there is a battlement, on which the words "I. O. G. T., 1872," are placed. It will be, when completed, a very neat and handsome structure. As soon as the plans shall have been accepted by the Building Committee, bids will be received for contracts, and soon thereafter work will be commenced on the building. The total cost of the Temple will be about $8,000. It is the intention of the Association to prosecute the work and have the building ready for occupancy by the close of the present year.

GENERAL COMMITTEE.—The Committee of Arrangements for celebrating the late National Anniversary, held a special meeting at Armory Hall last evening, Col. A. F. Dennison presiding.

On motion B. L. Whitehouse was authorized to pay bills, to receipt for the money appropriated by the City Council, and draw check for money in bank to pay the bills.

On motion of Chas. Hodge, the following resolution was adopted:

WHEREAS, In making arrangements for the celebration of the Fourth day of July, the committee have labored under the disadvantages of being appointed at so late an hour as to be unable to work economically and efficiently, therefore be it

Resolved, That the Common Council be requested to make appropriation for the celebration on the next Fourth of July, when the annual appropriations are made.

Resolved, That Messrs. W. S. Ladd, H. D. Green, A. B. Richardson, E. J. Northrup, and Simeon Strong, be requested to act as a Committee to select a suitable Committee of Arrangements, call meetings, and take the necessary steps to put the ball in motion in ample season.

The same was moved and carried that the balance, if any after paying all bills, be left in the bank as a fund for Fourth of July Fund.

It was moved and carried that the thanks of the Committee be tendered the daily papers for the aid rendered by them to the Committee.

On motion the Committee adjourned sine die.

NEW BUILDING.—Plans have been commenced at the office of W. W. Piper for a very large brick building, soon to be commenced on the west half of the block lying between Front and First and Ash streets, by Hon. J. S. Smith. The contemplated building will be 200 feet, extending through from Front to First, and will cover half the block. It will be two stories in hight. The first story will be divided into eight storerooms, four fronting on each street, each 100x25 feet. The second story will be divided into as many rooms as are desired, and used for storage purposes, in connection with the lower rooms. The lower story will be divided by thin brick or wooden partitions, and the rooms will communicate with each other by large doorways, supported by arches. This for the purpose of allowing convenient access from one apartment to the other, or if one person is desirous of occupying one-fourth, one half, or even all the building, the partitions are not to be in the way. We learn that work will be commenced as soon as the plans and specifications have been completed, accepted and the contracts let, and the ground for the foundation of this large building will necessitate the removal of several wooden houses and two small brick edifices.

SAME LAW.—We mentioned a few days ago the formation of a Sportsman's Club in this city, one of the objects of which was to secure the passage of a game law for this State by the next Legislative Assembly. On the same subject the Corvallis *Gazette* says: "The ill effect of the absence of such a law is becoming very apparent, especially in the Wallamet valley. The attention of the next Legislature is called to this matter. We are informed that a party of hunters, with headquarters on the head waters of Soap Creek a few days since, killed some six or seven deer, and all the game, were left in the woods. We do not refer to the killing of wolves coyotes panthers bears, at any season of the year, but grouse, quails, deer and elk should be exempt from destruction during the breeding season. A little reflection will convince any reasonable man, we think, of the importance of the matter, and cause him to desist from the wholesale destruction of game."

THE RAILROAD.—From a gentleman just from Oakland, we learn the following in regard to railroad matters at the front. The cars are now running within about one mile of Oakland. The last piles across the Calipooia near that place have been completed, and the cars cannot do so yet reach that town. A large force of men are engaged on the bridge and pushing the work as rapidly as possible. It will probably be Friday or Saturday before the iron will be laid and the cars can cross in safety. Beyond Oakland the grading has been completed to Wilbur, ten miles, so that the piles and iron are nearly ready to place down from Wilbur to Roseburg about eight miles the work will soon be completed. It is the intention to complete the road to Roseburg the present season. There is considerable iron at Eugene which will be carried to the front as soon as the road near Oakland is completed.

NEW ORDINANCE.—Some of the good effects of the new ordinance recently passed by the City Council, have already become apparent. Yesterday thirty-three head of cows were corralled for having been found trespassing. The remedy provided by the new ordinance is quite severe and in exceptional cases, may work inconvenience and hardship to owners of cows; but the excellent cause of the disease which is of chronic standing, requires a strong remedy to effect a cure. The manner in which cows have long run at will on shrubbery and the shade trees to the great damage of private and public property has been a most intolerant nuisance which the public has been called upon to endure for years. The new ordinance strikes directly at the root of the evil, and its effects when rigorously enforced, will not but work beneficial and satisfactory results.

THE NEW LIGHTHOUSE.—Work on the tower of the new lighthouse now in process of construction at Cape Foulweather, has been temporarily suspended until the iron shall arrive from San Francisco which will be in the course of two weeks. On its arrival work will be resumed at once. The material it will be remembered, was shipped some time ago from this port on the bark [illegible]. It will consequently, have to be reshipped to the Cape. The foundation of the high house has been nearly completed, and also the house for the keeper. The present calculation of the contractors, Mr Brown, is to have the entire structure completed by the first of next year, though this will in a great measure, be controlled by circumstances—workmen matter of weather etc.

GRAND JURORS.—The following named persons have been summoned as grand jurors in the U S District Court, which will convene this morning. J N Matheny, John Nickle, Thos Cox, J Taylor, Jas F Cooper, David Bushee, A McClellan, John Fullerton, David Frohman, Samuel Young, J S George, Marion Martin, C W Washburn, N Luckey, Chas Goodchild, John A Stowall, Robt Pentland, Victor Trovill, John T Scott, Geo B Gatchell, W H Roberts, Milo Calhoun, M Swick.

L STREET BRIDGE.—The new bridge on L street across the slough, leading out from the ferry landing in East Portland, towards the country will be completed as soon as the present stage of water will admit. It is expected to commence working on this bridge in the course of a week or ten days. When this necessary improvement has been completed, funeral processions and the traveling public can go directly east to the cemetery without making the usual detour.

CHILD HURT.—A small child belonging to Mr A J Hoyt, who runs the Brooklyn mill, near East Portland, met with a severe accident on last Sunday afternoon. The child was climbing about a pile of cordwood, when several heavy sticks fell down on the little fellow and inflicted serious injury. The child was unconscious from the effects for several hours, but at last accounts was doing moderately well.

FIRE.—At half past 11 A M yesterday the bells sounded an alarm of fire. With surprising alacrity the fire companies were on the grounds. Their services, however, were not brought into requisition, as the alarm had emanated from the burning out of a chimney flue on Sixth street, between Washington and Stark, in the house occupied by Mr. Waldman.

BAD CONDITION.—We would respectfully call the attention of the Street Commissioner, or he whose official duty it is to look after such things, to the wretched condition of Columbia street at the corner of Third. Something should be done to the sewer which discharges itself at that point, and that right speedily.

PRESENTATION.—Mr. James Clark, roadmaster on the Oregon Central Railroad, was presented on the fourth of this month, with a magnificent gold watch and chain, by the foremen of the various gangs of workmen employed on the line of the road, as a token of their esteem and friendship.

GRAND JURY.—In the Circuit Court yesterday it was ordered that the late grand jury be resummoned to morrow morning. This is for the purpose of examining the case of the State vs Cornelius Gilroy, charged with the murder of William Wales on last Wednesday night.

TESTIMONY CLOSED.—The testimony in the case of the State vs Charles Grant, closed yesterday evening. The argument of counsel will be heard this morning, after which the court will instruct the jury in the law applicable to the case, and the cause will be submitted.

RACE.—There will be a trotting race over the Riverside track to-morrow afternoon at 3 o'clock. The following horses have entered: B B Acker names ch. g "Mac;" J. J. Welsh names blk. g. "Blackbird," L Lindsey names ch. g "Highlander."

MET AND ADJOURNED.—The U S Circuit Court convened yesterday morning. No business was transacted and the Court adjourned to meet next Monday morning.

AMUSEMENTS.

PROF. NESFIELD'S BENEFIT.—Prof Nesfield, the well known and popular vocal and instrumental musician in this city, has been tendered by the citizens of Portland a grand complimentary benefit on Friday evening next. The concert will be held at the new Masonic Hall. A very attractive entertainment will be offered. A host of musical talent have volunteered, among which we can enumerate the great Vivian, Carl Bosco, in some of his new illusions, Miss Cardinell, the singing section of the Turn Verein, and many other prominent amateur lady and gentleman musicians. A rare musical treat will be afforded. Mr Nesfield is a talented and deserving musician, and there is no doubt but the large hall will be filled. The programme will be timely published.

BUSINESS NOTICES.

NEW STYLE OF ENVELOPE.—We are in receipt of the following letter from Wm F McCrary, of Baker City, who lately invented, and received on the 30th April, 1872, a patent for a new style of envelope. The letter says:

"I send you inclosing this a temporary specimen of my improved envelope, letter size. The object of my improvement is to produce an external pocket, always ready for adding a Postscript, Receipt, Explanation, Alteration or Addition to any letter, bill or other paper, having been sealed up, stamped and addressed, without destroying the envelope and stamp and time in re-addressing the same. It is especially adapted to registered package envelopes, only used by the Government, and letters presented to the postmaster for registration, both of which are required by law to have outside receipts attached, after they are sealed up, and for many other purposes which naturally will suggest themselves when using them. This very simple and apparently trifling alteration in the pattern of envelopes is of more importance than a casual observer would presume.

First—For the reason that they are made from precisely the same material and at the same cost, of all others of the same size.

Second—That the experience of every man, woman and child who write letters and use envelopes is sufficient guaranty that it will be universally adopted wherever it is introduced; and

Third—Because this convenience of an external pocket is certainly a consideration; and when we consider the immense number of envelopes used everywhere throughout the civilized world, we can begin to see its importance. The smallest fraction on every one thousand would be a very large sum of money."

Enclosing the above letter is the patent envelope. Extending along the length of the envelope just below the slip which "clips" the seal is secured by mucilage, in the form of a pocket, formed of part of the envelope, in which can be placed any receipt postage stamps, which may be thought of subsequent to sealing the letter. The invention seems to be simple but clever, and will probably become generally used.

CORRESPONDENCE.

PORTLAND ORE July 8, 1872

MR D W C NESFIELD—DEAR SIR. In consideration of the many personal services you have rendered gratuitously to our community since your arrival here we beg to tender you a complimentary benefit leaving it to yourself to name time and place. Truly yours,

Suggestions for Summer

It is of great importance that the system should be in a vigorous condition when the hot weather commences. The effects of a high temperature upon an enfeebled frame are always more or less disastrous. The loss of substance and the declension of nervous power occasioned by excessive heat can only be counteracted by the active healthful and regular exercise of all the bodily functions by which the waste of nature is replenished and the vital energies renewed. The great ability of Hostetter's Stomach Bitters as a means of toning, invigorating and regulating the organs of the body is universally acknowledged. As a tonic it stimulates a flagging appetite and accelerates digestion, as a corrective it neutralizes acidity of the stomach and relieves flatulence; as an alterative and mild aperient it regulates the liver and the bowels; as an antidote it promotes tranquility of sleep as a wholesome stimulant it imparts firmness and elasticity to the relaxed and trembling nerve and as a blood depurent it purifies the vital stream. The value of such a specific in the weak and debilitated is beyond all estimate. To invalids who are wilted down by the fiery heat of midsummer, it is a refreshing and vitalising as the cool night dew to the sunscorched flowers. Composed of vegetable ingredients only with a basis of pure diffusive stimulant it is safe and palatable as well as medicinal. In fever and ague districts and wherever the natural condition are conducive to chill and disease it is considered the best safeguard and best alterative effective and specific remedy for the first and most severe forms.

PRATT'S ABOLITION OIL,

The Best Remedy in the World for the speedy Cure of Rheumatism Neuralgia Gout Sprains Bunions Stiff Joints Lame Back Pain in the Breast Croup Throat Sore Throat Quinsy Toothache Earache Sciatica Diarrhœa Headache Toothache Sore and all Diseases of the Flesh. PLANTATION BITTERS!

S. T.—1860—X.

This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid it has no equal among stimulants. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates tropical, temperate or frigid it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits.

LYON'S KATHAIRON,

For Preserving and Beautifying the Human Hair. To Prevent its Falling Out and Turning Grey.

A well preserved Head of Hair is a passport to middle age at once bespeaks refinement of elegance health and beauty. It may truly be called Woman's Crowning Glory while an ornament indispensible to its advantages in Charms. Few things are more disgusting than thin Faded harsh untamed Hair with bald spots or covered with Dandruff. Visit a barber and a fashionable and look like a new man. This is what LYON'S KATHAIRON will do all the time. The charm which it lends to well placed Hair, Honey Curls, Luxuriant Tresses and a Clean Head is noticeable and irresistible.

Sold by all Druggists and Country Stores.

STRIKES AT THE ROOT OF EVERY DISEASE which lies in the

"Come into the Garden, Maud."

Come into the garden, Maud,
With a crowbait and a shovel
Here's the biggest rat you ever saw;
A-gnawin' a chicken coop.
Run like the mischief, Maud
I'm here with the best intent

There now sallies a lovely crew
From the window and the yard
Maud has a waiting beau,
But the force of rat is small
And she throws a midnight and cries
That rat's range is general city-wide

Another Oregon Patent

John Kafader of Jacksonville has received a patent for an improvement in wagon tire tighteners, which is thus described:

The adjacent ends of the fellies upon the opposite sides of the wheel are cut away, or said fellies are made a little short, so as to leave narrow spaces between the ends. Within this space are resting against the ends of the fellies are placed two plates. The sides of the plates that rest against the ends of the fellies are made flat to bear squarely against said ends. The inner sides of the plates incline in both directions from the center, and in the holes in the plates, at their angles, are placed small rolls in the holes being so formed that the sides of the rollers may project sufficiently to receive the wear. Between the plates is placed a wedge shaped block, with its smaller end toward the hub of the wheel. Through the center of the wedge block is formed a screw hole to receive the screw which passes in from the inner side of the rim through the casing against which a collar formed upon the said screw rests, so that by turning the screw forward the wedge block will be drawn between the plates, expanding the rim of the wheel, and thus tightening and securing the tire. The tubular casing is made of the same form and size as the fellies, and is let into the ends of said fellies, so that the outer surface of said case may be flush with the outer surface of said fellies. With this construction, should the tire become loose from use or other cause, a turn or two of the screws will expand the rim of the wheel and tighten the tire securely.

Necessity of Sleep.

There are thousands of busy people who die every year for want of sleep. Sleeplessness becomes a disease, and the precursor of insanity. We speak of sleep as the image of death, and our waking hours as the image of life. Sleep is not like death; for it is the period in which the waste of the system ceases, or is reduced to its minimum. Sleep repairs the waste which the waking hours have made, it rebuilds the system. The night is the repair shop of the body. Every part of the system is silently overhauled, and all the organs, tissues and substances are replenished. Waking consumes and exhausts; sleep replaces and repairs. A man who would be a good worker must be a good sleeper. A man has as much force in him as he has provided for in his sleep. The quality of mental activity depends upon the quality of sleep. Men need, on an average, eight hours' sleep a day. A lymphatic temperament may require nine; a nervous temperament six or seven. A lymphatic man is sluggish, moves and sleeps slowly. But a nervous man acts quickly in everything. He does more in an hour than a sluggish man in two hours; and so in his sleep. Every man must sleep according to his temperament, but eight hours is the average. Whoever by work, pleasure, sorrow, or by any other cause, is regularly diminishing his sleep, is destroying his life. A man may hold out for a time, but the crash will come, and he will die. There is a great deal of intemperance besides that of tobacco, opium or brandy. Men are dissipated who overtax their systems all day, and undersleep every night. A man who dies of delirium tremens is no more a drunkard or a suicide, than the minister, the lawyer, the merchant, the editor or the printer, that works excessively all day and sleeps but little all night.—*Henry Ward Beecher.*

A correspondent of the Cincinnati *Commercial*, writing from Frankfort, Kentucky, during the recent State Democratic Convention, says: "There is no use talking about the popular strength of Greeley in Kentucky. The Democratic masses are decidedly against him, while the politicians are as decidedly in his favor. Were a vote to be taken among the Democracy in the State to-morrow, as to whether the party should nominate or accept him, it would be rejected by an immense majority."

FINANCE AND COMMERCE.

MONDAY, July 8, 1872.

Gold in New York to-day, 113¾.

Portland Legal Tender rates, 87½c buying; 88½ selling.

Two P. M. ships, the *Garibaldi* and *Manilla*, are now due here from Hongkong. They will both bring cargoes of Chinese products and a considerable number of Chinese passengers.

The Commissioner of Mines and Mining estimates the gold yield of Oregon and Washington Territory this year at $2,500,000. The estimated yield last year was $3,000,000. The development of quartz ledges in Eastern Oregon will in a few years vastly increase the yield of precious metals in our State.

The Roseburg *Plaindealer* thus speaks of the opening of trade between Portland and Umpqua valley:

Portland merchants already begin to feel the effect of the opening trade with Southern Oregon. While it is not possible to change at once, a long established trade with San Francisco, it is manifest that if the Portland merchants will import direct, as the agents with those of San Francisco, and the railroad company will properly discriminate in their freight charges, the whole trade of Southern Oregon may be secured to the State, and thus secure the benefit of the commonwealth. The road is scarcely opened to the valley and yet the importation of agricultural implements has been greater than any one had a right to expect. Other branches of trade have received more or less benefit. Before the rainy season sets in the road will be finished to this place, and as this is the most difficult time to receive supplies by the mouth of Umpqua, a large trade will necessarily be carried on with Portland, always provided, that the merchants at that place will offer the same inducements as those of San Francisco.

Domestic Produce.

WHEAT—The market is scarcely quotable. An impression prevails among parties who have been buying that Wheat will soon go lower in San Francisco. Hence there is little disposition to buy here unless concessions are made by holders. There are, however, but few sales in the country, and it will probably be three weeks before new begins to arrive.

FLOUR—Market is weak. Demand limited, and very little doing. We have no changes to make from former quotations.

OATS—Transactions light; quotable at about 75c per bushel.

BUTTER—Good butter is still wanted and will bring 33c. Inferior kinds are on the market and sell for whatever parties can get.

EGGS—There is no change to note. We continue to quote at 30c per dozen.

CHEESE—Hathaway's and Ankeny's is on the market in good supply at 20c.

POTATOES—New are in good supply at 2@2½c ₱ lb. Old are out of the market.

Markets.

BY TELEGRAPH.

SAN FRANCISCO, July 8.—Flour—The tech. trade is good at $5@5 25 for best extra.

Wheat—Mail advices from the East report harvest of winter wheat in the West and Southwestern States as progressing favorably. Instead of being buyers it is now thought the border States will have a surplus. A lot of 100 sks new crop, white Virginia, sold in New York at $2 per bushel. The late reports from European crops are also encouraging. The new crop of California wheat is now arriving quite freely in market, and the daily receipts from this date will show a steady and handsome increase. Export price for good shipping lots has settled to $1 50, with tendency rather to a lower than a higher rate. We ought to put off at least four ship loads this week, and average a ship load per day after this week. A lot of old crop arrived to-day, which was sold some time ago at $2 05. Quotable to-day at $1 45@1 75. Sale of 100 sks choice old at $1 77½.

Barley—New is scarce and price has been advanced to $1 10@1 15.

Oats—Good feed, $1 cwt@1 65, choice, $1 70.

Hay—Market at least one dollar better. Quotable at $8@17 per ton, latter for choice.

Potatoes—The range for Mission Bay and Half Moon Bay this morning was $1 sk@2.

PROPOSALS.

ASST. QUARTERMASTER'S OFFICE.

SAN FRANCISCO, CAL., June 28, 1872.

Samples of Coal from the pits sampled, to accompany the bids, and the bids to be made separate for each Post. The right to reject all or any portion of any Bid is reserved. The bids to be signed by the responsible persons who will become sureties for the faithful performance of the contract if awarded. For blank proposals and further information apply to C. C. SMITH, Captain and Asst Q. M. U. S. A.

jy9d16

CITY ADVERTISEMENTS.

Ordinance No. 1181.

AN ORDINANCE TO PREVENT HORSES OR CATTLE from running at large within the limits of the city of Portland.

The city of Portland does ordain as follows:

Section 1. That no horses or mules, cattle, sheep, swine, or goats shall be allowed to run at large during any of the hours of the day or night (except when being driven through the streets by some person) within the following limits: Commencing at the foot of Jefferson street, through to the west line of Eighth, along Eighth to Main, west on Main to Twelfth, along Twelfth to H, easterly to North Eleventh, along North Eleventh to G, thence easterly to the Willamette river. Nor shall any horses or mules, cattle, swine sheep, or goats, be allowed to run at large within the city of Portland, outside of the above named limits, after the hour of 9 o'clock P. M. and before the hour of 6 o'clock A. M. of each day during the months of April, May, June, July, August and September of each year; nor after the time of 8 o'clock P. M. and before the hour of 7 A. M. of each day during the months of October, November, December, January, February and March of each year.

Section 2. It shall be the duty of the Chief of Police to take up any such animals running at large within the limits of the city of Portland, except as provided in the foregoing section, and confine and keep it or them, in a pound or enclosure, and provide say such animal or animals with proper food and care while so confined.

Section 3. The Chief of Police shall give immediate notice of the taking of such animal or animals, with a description thereof, by posting the same in some conspicuous place at the Postoffice, in the city, and upon the pound or inclosure where such animal or animals are confined.

Section 4. If before the expiration of five days from the giving of such notice, or before the selling of any such animals, as hereinafter provided, the owner of any such animal or animals, or his legal representatives, shall claim the same and pay all legal costs, charges and expenses for taking up and keeping, the Chief of Police shall deliver up such animal or animals to such owners or his representatives.

Section 5. If any such animal or animals shall not be claimed before the expiration of five days from the giving of such notice, the Chief of Police shall proceed to sell the same at public auction to the highest bidder for cash, having first given notice of the time and place of such sale, in a daily newspaper published in the city, for at least forty-eight hours prior to the time of sale; and from the proceeds of sale first pay the legal fees and all costs, charges and expenses of taking up, keeping and selling, shall pay the proceeds into the City Treasury.

Section 6. The Chief of Police besides the cost of keeping any such animal or animals shall be entitled to and recover as his legal fees two ($2 00) dollars pro thad for all animals so taken up, and ten per centum of the proceeds of all sales when the amount shall not exceed twenty ($20 00) dollars, and five per cent. when the amount of such proceeds shall exceed such sum.

Section 7. If the owner of any property so sold, or his legal representatives, shall at any time within one year of such sale make satisfactory proof of his ownership, he or they shall be entitled to receive such proceeds deposited in the Treasury.

Section 8. Ordinance number 233 entitled "An ordinance to prevent cattle or horses from running at large within the limits of the city of Portland," ordinance number 780 amendatory thereto and all other ordinances or parts of ordinances conflicting herewith, are hereby repealed.

Passed the Common Council June 26, 1872.

W. S. CALDWELL, Auditor and Clerk.

Approved, July 6, 1872.

PHILIP WASSERMAN, Mayor.

jy9d1w

PROSPECTUS.

THE THROUCH LINE!

A RAILROAD JOURNAL, TO BE PUBLISHED weekly, in the city of Portland, Oregon, devoted to the interests of railroads and kindred subjects, and especially to the success of the

Portland, Dalles and Salt Lake Railroad.

In the interest of this road we have already made one campaign, wherein, against great odds, our efforts have been crowned with a fair measure of success. It is now a fixed fact, to be opened by the Government, and be a big attractive to men of capital and influence.

With the assurance of this prospective we enter upon a second campaign, in which the friends of the great work will find it profitable to subscribe, and push forward.

We shall early discuss the subject of legislative and reasonable State aid in the proper mode of the work, and as an endorsement of the importance of this deservedly popular enterprise.

Preparatory to a renewal of our efforts at the next session of Congress, we shall fully discuss the national and local importance of the Portland, Dalles and Salt Lake Railroad, and through the instrumentality of *The Through Line* familiarize members of Congress and the American public with the subject in all its bearings. The discussion will cover the whole ground, and no fact or matter which can be deemed of importance will be allowed to pass unnoticed.

The successful completion of the railroads embraced in the system of the Pacific Northwest, we shall give our hearty support to all that is fair and just, and especially shall we endeavor to keep alive and make useful that public sentiment in Oregon everywhere manifested in behalf of the Portland, Dalles and Salt Lake Railroad.

Our friends should be especially vigilant in getting subscribers and getting *The Through Line* a wide circulation. We have made arrangements for its publication, and shall employ a competent assistant in the Editorial Department. It will be a twenty column paper, and the first number will be issued on or about the 20th of January, 1873. Subscription $2 50 per annum.

W. W. CHAPMAN

PORTLAND, June 10, 1872.

jy11d1m

WELLS, FARGO & CO.'S EXPRESS.

HAVING ESTABLISHED OFFICES IN ALL PARTS of Oregon, Washington and Idaho Territories, we are prepared to do a General Express and Exchange business in all its branches.

Freight or Packages will be called for in any part of the city by giving proper notice and forwarded with dispatch to any part of the world, through our own and connecting Expresses, at directly Reduced Rates.

COLLECTIONS MADE, and Coupons, on the Purchase of Goods, &c., &c., will receive prompt attention.

We shall continue to DRAW EXCHANGE as heretofore on all the principal cities of the United States, the Canadas and Europe, and to sell TELEGRAPHIC TRANSFERS when desired. WELLS, FARGO & CO.

Portland, Oregon, April 20, 1872. ap1
